ENGINE MOUNTING KIT

For 1958-UP Chevrolet Small Block V-8 and all Buick-Olds V-6. Includes weld on frame adapter (frame must be boxed). Chassis Engineering engine side mounts, thru bolt cushion set, transmission spacer (V-6 only) and instructions. May also be used on '32 chassis.

CHEVY V-8	CP-2104	\$85.00
BUICK V-6	CP-2604	\$85.00
FORD V-8	CP-2103	\$85.00

CENTER X-MEMBER MODIFICATION AND TRANSMISSION MOUNT KIT

Replaces center part of crossmember. No cutting on X rails. Uses some old rivet holes for line up. Fits all GM transmissions except 400. Can easily be modified for others. Bolt on unit gives 360° strength, a proven concept. Bolts and instructions included.

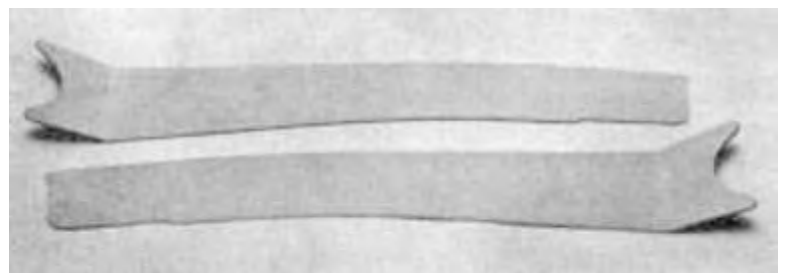

ES-2130	\$119.75
----------------------	-----------------

FRAME BOXING PLATES

3/16" thick, extends from front crossmember to X-member.

FRONT	AR-2097	\$60.00 pr.
REAR	AR-2098	\$60.00 pr.

REAR END MOUNTING KIT

Completely bolt on kit also adds needed reinforcing to rear of frame. No welding on car or rear end. Uses Maverick or Mustang, others fit by moving spring pads. Smooths a normally choppy ride. Kit includes R & L front brackets, R & L rear brackets, shackles, upper shock mounts, lower shock mounts, spring retainers, U bolts, springs, bolts and instructions.

ALL 1933-34	AS-2012 C	\$437.00
